

MAKING A VIDEO TO SHARE YOUR CRAFT

1

PLAN

Think about what you want to say,
You could try to answer some of the following questions:
When did you start?
What do you make?
Why did you choose this activity?
What do you enjoy about your craft?
What are you planning to do in the future?

RECORD

There are two ways to record: one way is to get someone to help hold the camera landscape, or you can record it on your own.
You can be in the video too if you want, hold the phone quite close to the person speaking Take some video of your crafts plus where you work or exhibit

2

UPLOAD

Upload your video to YouTube, vimeo or another platform or if its small enough send it to aritsan (see FAQ for more information about how to do that)
Here are some helpful links onvideo making and uploading:
<https://youtu.be/X1uIH2DEttc>
<https://youtu.be/am7kaAerVCQ>
<https://youtu.be/QICqk4W047M>

3

SHARE

Use the link in your application and the video will appear on your page of the website
